MILLBOARD DECKING

Transform your outdoor space and create unforgettable moments with Millboard's Resin Mineral Composite decking (RMC), where beauty meets durability.

'Lost-head' fixings
Durafix fixings are virtually hidden beneath the unique Lastane surface.

Natural wood look
Moulded from selected timber for an organic, realistic wood-grain appearance.

High slip-resistance
Lower slip potential than timber due to the pliable Lastane layer.

Low maintenance
No staining or oiling. Only seasonal cleaning required.

To view the full range of all Millboard's unique features and benefits visit millboard.com

ENVELLO CLADDING

< BOARD & BATTEN⁺
LIMED OAK

Re-imagine your outdoor environment with Millboard's Resin Mineral Composite (RMC) Envello cladding, where elegance harmonises with resilience. Crafted for enduring quality, Envello withstands the test of time, enhancing any outdoor space.

Natural wood look

Moulded from selected timber for an organic, realistic wood-grain appearance.

Fire-rated system

Certified to a Euroclass D rating (BS EN 13501-1) by a UKAS accredited laboratory, when fitted in accordance with our installation guide.

Low maintenance

No staining or oiling. Only seasonal cleaning required.

LASTA-GRIP

ADDED SAFETY | 2 COLOURS

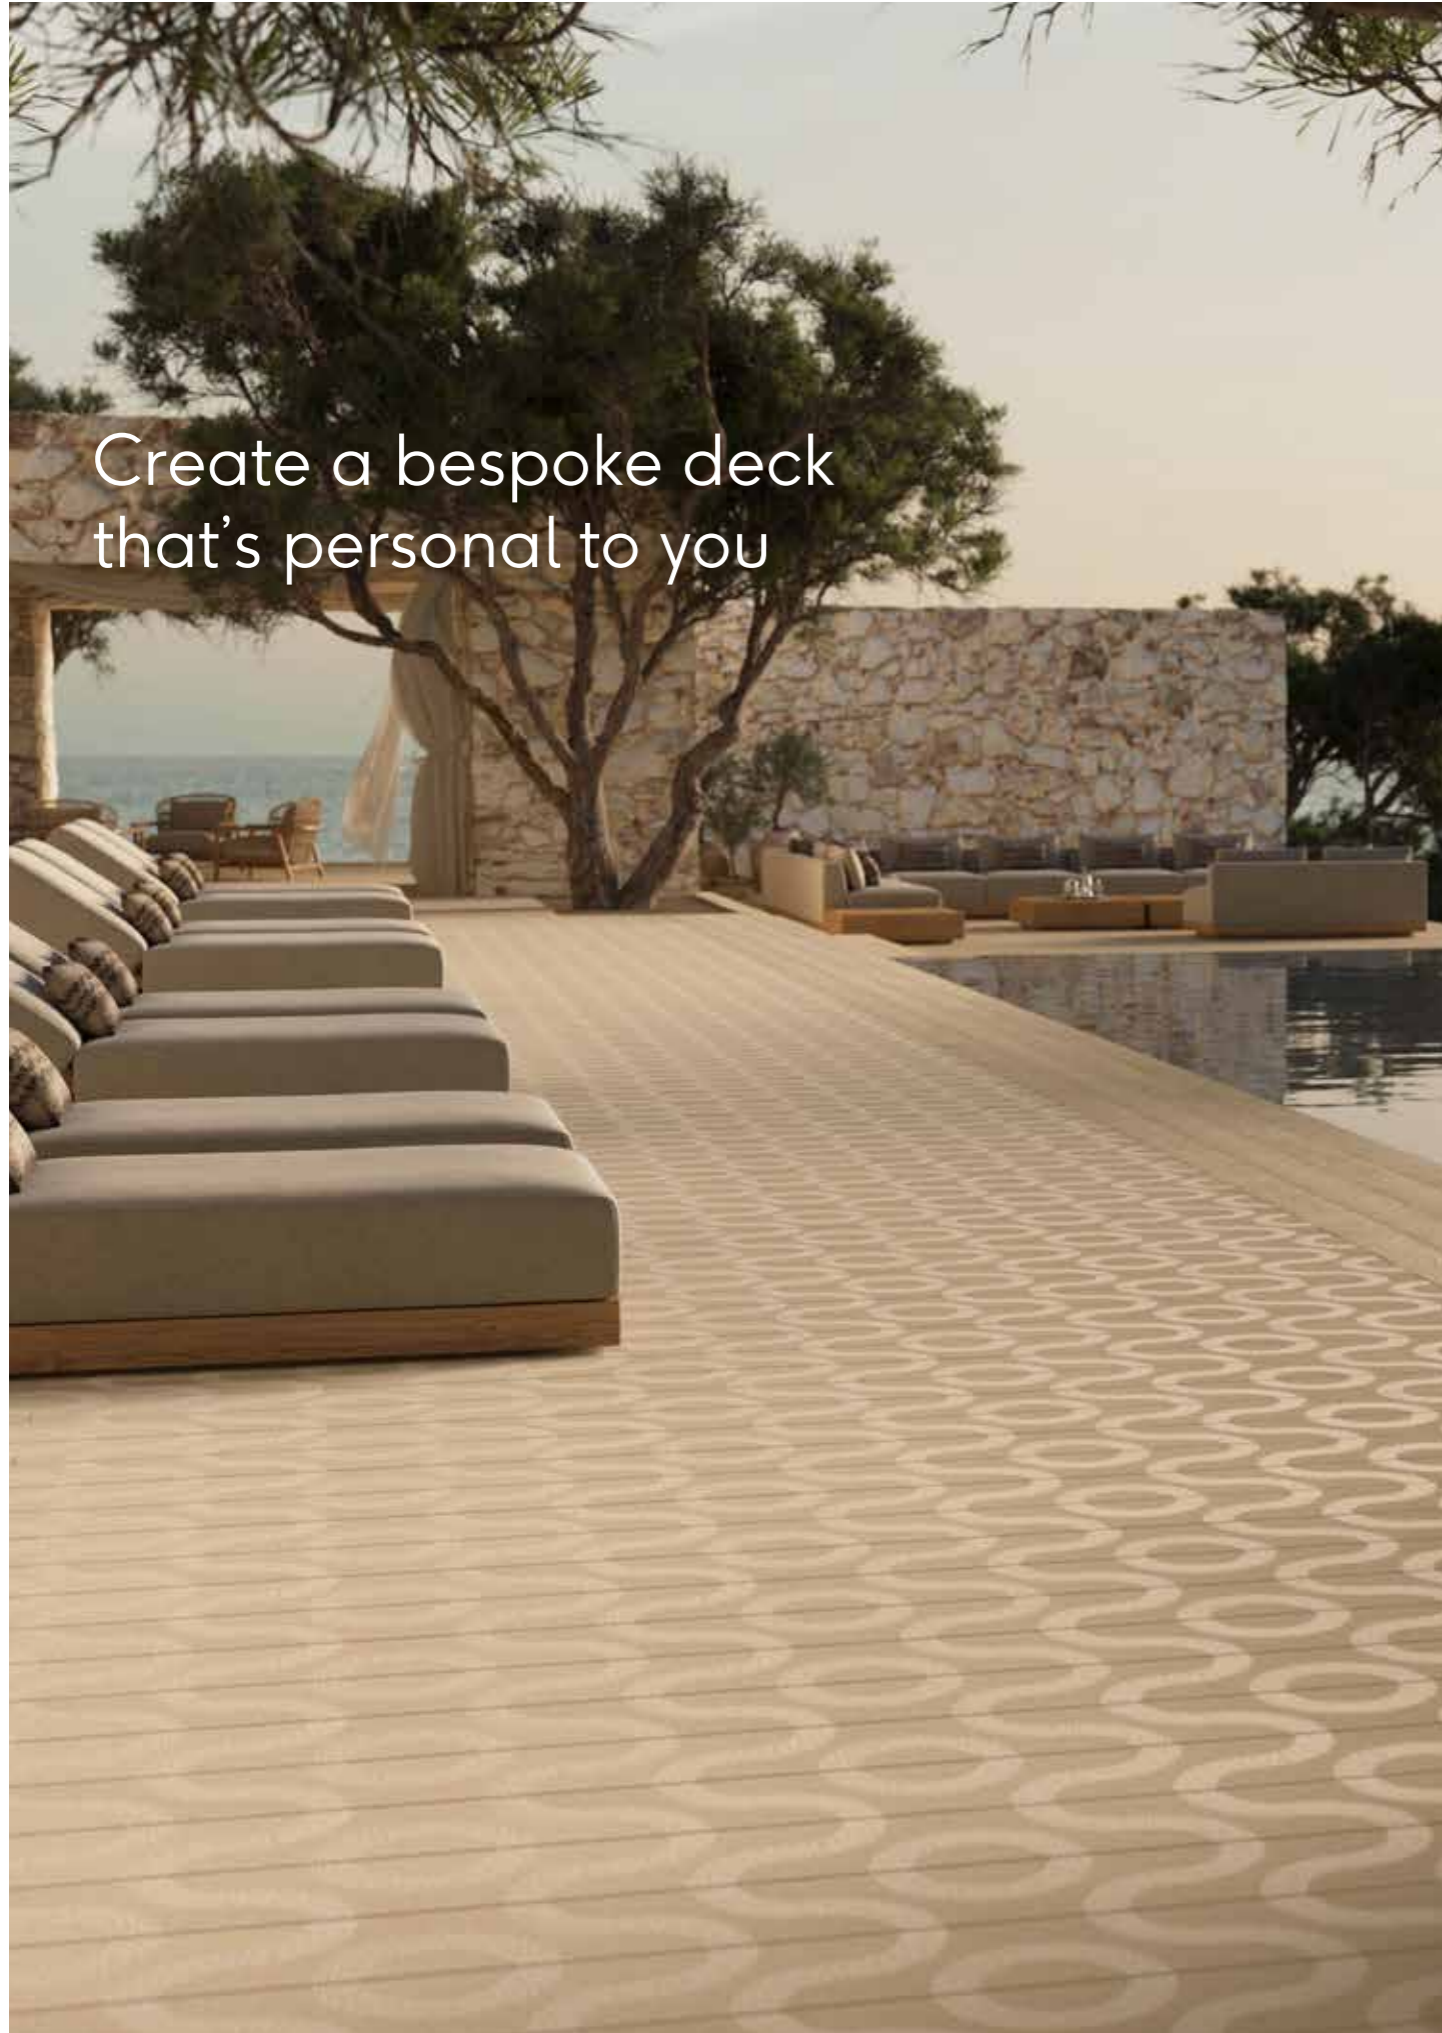

Our Lasta-Grip collection combines the attractive appearance of our Enhanced Grain boards with a unique textured design that offers outstanding slip-resistance, without the rough feel of conventional gritted strip boards. Perfect for commercial areas where safety is paramount, but appearance is important.

MODELLO CONTOUR

ORGANIC FLOW | 10 COLOURS

Drawing from the graceful arcs of nature, the Contour pattern introduces a soft and organic flow to decking design.

Inspired by movement and fluidity the Contour pattern excels in zonal areas, feature inlays, or as a striking centrepiece for a full deck. Its distinctive curvature adds a sense of depth and artistry, making your outdoor environment truly one of a kind.

Achieve endless possibilities from a single board.

MODELLO LINEAR

SLEEK & STRUCTURED | 10 COLOURS

The Linear pattern captures the precision and harmony of geometry, bringing a sleek and structured aesthetic to any outdoor space.

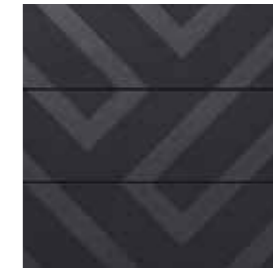

VIEW PATTERNS DEMO
See how this innovative new decking board gives you endless possibilities

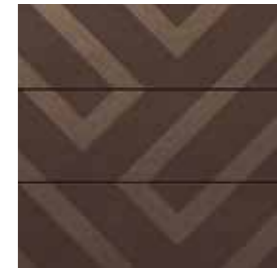

Its clean lines create a sophisticated canvas for decking projects. Whether used as a seamless full-deck layout, to delineate zones, or as an elegant inlay feature, the Linear style offers endless versatility. Modello's Linear pattern invites creativity, transforming simple layouts into architectural statements.

More than just decking

Modello is a versatile design solution that adapts to your space and style. From full-deck transformations to zonal demarcations or intricate feature inlays, Modello delivers sophistication and

innovation in every scenario. With its Linear and Contour styles, Modello suits a wide variety of applications, making it the ideal choice for both contemporary and traditional outdoor environments.

Full Deck

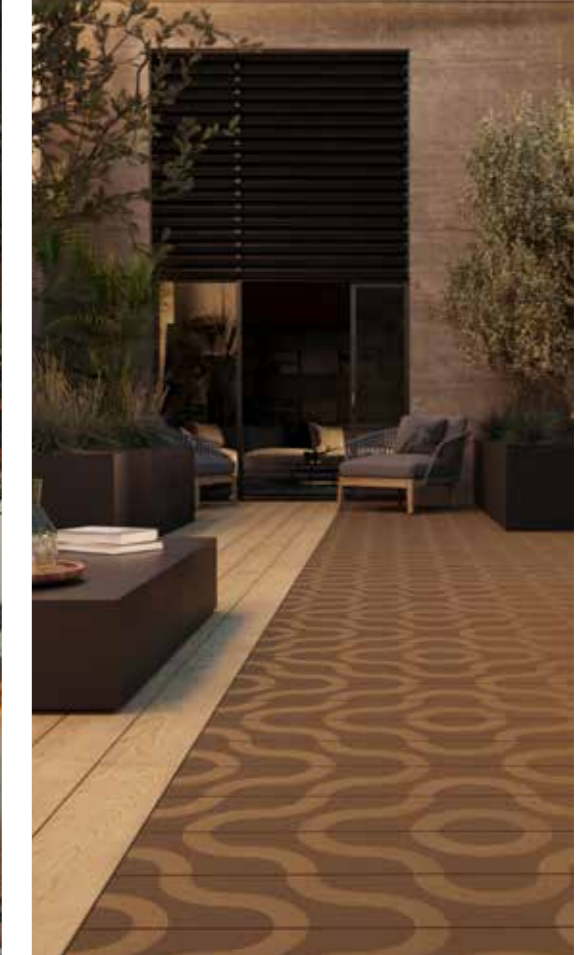

Make a bold statement with a full deck crafted from Modello. Its Linear and Contour patterns create a seamless and sophisticated look, turning expansive outdoor spaces into architectural masterpieces. The durable, high-performance composite ensures your deck is not only beautiful but built to last, offering a practical solution with timeless style.

Feature Inlay

Bring a touch of artistry to your decking with a feature inlay crafted from Modello. Whether you opt for Linear's clean geometry or Contours organic flow, these inlays serve as eye-catching focal points that elevate your space. Perfect for highlighting entrances, dining areas, or pathways, feature inlays turn functional outdoor spaces into extraordinary design statements.

DESIGNED FOR VERSATILITY

ENHANCED GRAIN [▼]
LIMED OAK - OUTDOOR KITCHEN

Unlike other composites, Millboard possesses the remarkable capability to be 'shaped', enabling you to seamlessly craft stunning curved structures without any visible fixings. This is thanks to the distinctive composition of Millboard's 'Resin Mineral Composite' (RMC) core and its flexible 'Lastane' surface layer.

Available across all the range including flexible edgings and fascia.
